STYLISH CONTRAST

Miro

Matt colours

MIRO MATT COLOURS

Functions for the residential and tertiary sectors

This series now features a high-quality matt finish. Intense black and white, which on the new slick matt texture forms a harmonious unit that meets the high expectations of customers in terms of quality, design and feel.

Highly durable galvanised embellishers.

The new finishes can include embellishers made with galvanised materials with a matt nickel look.

An element that adds sophistication, whose matt finish with glints of copper subtly highlights the series' outline, in a completely harmonious way.

Technological solutions that make life simpler.

- Centralised blinds.
- Air conditioning.
- Audio, video and data connectivity.
- Schuko® with double USB sockets.
- Specific functions for hotels and meeting rooms (timed key card switches, motion detectors, etc.).

MIRO MATT COLOURS

Designs that last

Miro matt black

Miro matt black
with embellisher

Miro matt white

Miro matt white
with embellisher

The Miro series combines style and the influence of late Bauhaus.
With its subtle and distinctive lines, Miro is able to deliver a timeless design.

Typical matt black products

Function	Mechanism	Switch / cover	Frame
